## SKI BUS INFORMATION

Our **free ski buses** will take you to the Ahornbahn, Penkenbahn, Horbergbahn and Möslbahn in Mayrhofen-Hippach and of course back again.

Each line has its own color for better orientation. The well-developed ski bus network in the Mayrhofen-Hippach holiday region offers ideal conditions for a car-free winter holiday.

Our buses run on **HVO diesel** – a fossil-free, synthetic fuel produced through hydrogenation of vegetable oils and animal fats. Increasingly made from waste and residual materials, it reduces CO<sub>2</sub> emissions by up to 90% and can be used in existing diesel engines without technical modifications,

as its chemical structure is similar to conventional diesel fuel and therefore shares the same technical properties.

# INFORMATION ABOUT PISTE MARKINGS

Your safety is our top priority. Please always follow the signs in the ski area. We would especially like to draw your attention to some differences in slope markings between North America and Austria.

## AUSTRIA

- Gradient up to 25 %
- Gradient 25 to 40 %
- Gradient more than 40 %
- ◆ Ski route marked and secured, **not** groomed and **not** controlled

## NORTH AMERICA

- Gradient up to 25 %
- Gradient 25 to 40 %
- ◆◆ Gradient more than 40 %

Rescue and transportation to a Mayrhofner Bergbahnen valley station by the piste rescue service is free of charge. Helicopter rescue and red cross transportation ist not included. Those are subject to a charge.

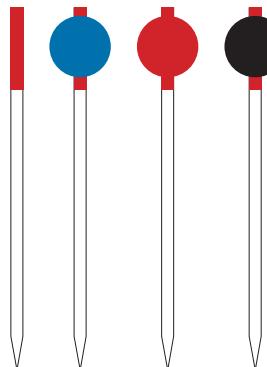

## SOS NUMBERS

- Euro emergency services: 112
- Penken cable car mountain station: +43 5285 62277 204
- Ahorn cable car mountain station: +43 5285 62277 401
- Mayrhofner Bergbahnen office: +43 5285 62277

## SECURED AND CONTROLLED SLOPES

All official and secured slopes are marked with a pole on each side. Ski routes are only marked with one pole – stay ten meters left or right of the poles. When you leave a marked slope or ski route, you are in the open ski area. This area is neither marked or groomed, not controlled and not secured. As only the open and marked pistes are controlled\* by the piste patrol and the piste rescue service, skiers and snowboarders who leave the marked slopes must be aware that they do so at their own risk. Be warned that you are entering a dangerous area where there may be rocks, treacherous slopes, etc. \* ski routes are only secured but not controlled
